Q

How long does membership last?

Your membership starts on the date you sign up and will expire exactly one year from your signup date. We recommend signing up for automatic renewal so you don't have to keep track of renewal dates. You can cancel auto-renewal at any time.

Q

Can I auto-renew my membership?

Yes! Auto-renew is a great option to ensure you continue to receive membership benefits and have an active membership for your Endorsement. You can select this option when initially signing up or update your current membership here. You will get a reminder email before your membership is automatically renewed in case you want to pause your membership.

Q

What happens if I forget to renew my membership?

Life gets busy and we understand that. If you are a broad CERH member you can renew anytime at no cost. If you renew after the 45-day grace period, you will be asked to pay a [reinstatement fee](#) to support administrative costs.

Who do I contact for support?
